

The Pressure Is On

Purchase a **FISO Chassis**
& **Signal Conditioner**

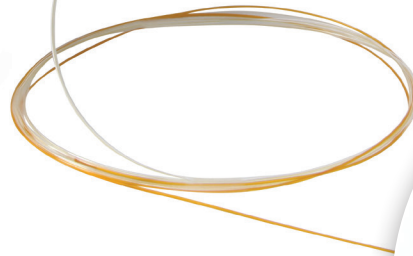

Receive
25% OFF
of a pressure
sensor*

Promo Code
FISO1

The FISO-LS fiber optic pressure catheter offers all the benefits of fiber optics specifically designed for small animal research. The LS sensor is more robust than its clinical counterpart with a protected tip which allows it to be used multiple times. The small size of these sensors are appropriate for a wide range of applications from neuroscience and cardiovascular studies to bone studies and MRI gating. Contact your local sales representative or Technical Services for more information on the FISO fiber optic pressure system.

**Offer valid through September 15, 2017. Please use promotional code: FISO1.
Contact your sales representative for more information.*
